INVOLVEMENT

STUDENT LIFE

OPPORTUNITY

So long as men shall be on earth
There will be tasks for them to do,
Some way for them to show their worth;

Each day shall bring its problems new.

And men shall dream of mightier deeds

Than ever have been done before:

There always shall be human needs

For men to work and struggle for.

THE FUTURE IS IN OUR HANDS

OLD AND NEW

Almont game was played in the old gym February 10.

New gym was finally completed by second semester.

Memories of the old halls still linger on.

Lower ceilings and orange lockers brighten up the halls.

I know just where everything is! Now where did I put that note?

Ah! Finally I've got some space!

ADMINISTRATION

EDUCATION

I think that I would rather teach a child
The joys of kindness than long hours to spend
Poring o'er multiple and dividend;
How differing natures may be reconciled
Rather than just how cost accounts are filed;
How to live bravely to its end
Rather than how one fortress to defend,
Or how gold coins once gathered can be piled.

There is an education of the mind
Which all require and parents early start,
But there is training of a nobler kind
And that's the education of the heart.
Lessons that are most difficult to give
Are faith and courage and the way to live.

ORGANIZATIONS

AWARDS

There is a custom everywhere
Of giving out awards
According to the judgment of
Committees or of boards
The medals and the loving cups
The scholarships and pins
The plaques and pretty ribbons and
The cash that someone wins
There is no end to prizes that
Are given every day
To recognize accomplishment
In special work or play
And that is good for everyone
Because it helps create
The urge to competition in
The struggle to be great
And only in that effort and
The will to do the best
Can all the world be equal to
And pass the toughest test.

ACADEMICS

IN SCHOOL

The youngsters are in class again
To learn their ABC's
Or climb the steps that take them
through
The universities
They bring their lunches with them or
They buy them at the school
And crowd the gym for exercise
Or use the swimming pool
They go to plays and dances and
They try to make the team
They visualize their goals in life
Or merely sit and dream
Their minds are taught the healthy way
To live and grow on earth
And day by day they gradually
Become of better worth
So they may fill their places when
Their hour is at hand
Prepared to take the reins and be
The leaders of the land.

SPRING OF "77"

In Spring-Time

There's many a pool that holds a cloud
Deep down for miles, to float along;
There's many a hedge that's white with may,
To bring the backward birds to song;
There's many a country lane that smells
Of beanfields, through the night and day:
Then why should I be here this hour,
In Spring-time, when the month is May?

There's nothing else but stone I see,
With but this ribbon of a sky;
And not a garden big enough
To share it with a butterfly.
Why do I walk these dull dark streets,
In gloom and silence, all day long —
In Springtime, when the blackbird's day
Is four and twenty hours of song?

ATHLETICS

AN ATHLETE

A player is someone who plays the sport ...

An Athlete is a person who works hard in practice, gives 100% in and out of a game, makes his mental abilities as good as his physical, and cares about those around him.

A player may be a part of the team ... but a champion is an athlete.

At This Farewell

Dear Native Regions, I fortell,
From what I feel at this farewell,
That, Where so'er my course shall end
In that hour a single tie
Survive of local Sympathy,
my soul will cast the backward view,
The longing look alone on you.

Thus while the sun sinks down to rest
Far in the Regions of the west,
Though to the vale no parting beam,
Be given, not one memorial gleam,
a lingering light he fondly throws
On the dear hills where first he rose.
